

DUXIANA®

SUSTAINABLE COMFORT

Sustainable Comfort is our fully re-engineered collection of DUX Beds. Our most advanced collection to date features customizable and replaceable components, including the unique DUX spring system, the finest natural materials, handcrafted attention to detail, all for the purpose of delivering unrivaled comfort and longevity.

THE MATERIALS

Our handcrafted approach and premium materials have always been the essence and core of our products. The slow grown pine from the deep Swedish forests and the finest produced steel wire are central to achieving our esteemed DUX comfort.

Our new collection takes our commitment to quality even further. We have eliminated all nonessential man-made materials and enhanced the high-quality cotton and natural latex that provide the familiar DUX comfort. Additionally, we have incorporated premium wool throughout the products to ensure the use of the most natural materials possible.

THE COMPONENTS

REMOVABLE TOP PAD

Our top pad while remaining unfastened to the bed for greater flexibility and comfort, has been upgraded with a premium finished 100% cotton ticking. The natural latex core has been wrapped with premium wool for added comfort and temperature control.

INNER COMFORT LAYER

The newly upgraded products continue to offer the unique ability to unzip the mattress to adjust and maintain the support and comfort within. This has now been enhanced with the inclusion of another upgraded component referred to as the Inner Comfort Layer. This natural latex core is wrapped in natural wool and finished in a premium 100% cotton outer fabric with a tufted finish.

CUSTOMIZABLE PASCAL SYSTEM

Our unrivaled support system continues to allow customization of the bed to an individuals' weight, height, shoulder width, hip density, and musculature. It has been enhanced by the addition of a 100% cotton casing that ensures the cassettes remain in the desired place.

OUR SLEEP
COLLECTION

DUX 10

The DUX 10 dynamic two layer spring construction is the perfect introduction to legendary DUX comfort and support. The DUX 10 is based on the original DUX bed design.

DUX 11

The DUX 11 is a frameless mattress, featuring dynamic two-layer spring construction and the legendary DUX comfort and support. The design is still based on the original DUX bed design.

DUX 30

The DUX 30 is the result of two DUX innovations - the DUX continuous coil spring system, with thousands of interconnected coils, and our unique Pascal system. The DUX 30 offer unrivaled customization.

DUX 31

The DUX 31 is a customizable frameless mattress featuring the DUX continuous coil spring system, with thousands of interconnected coils, and our unique Pascal system.

DUX 60

The DUX 60 comprises of two layers of DUX continuous coil spring systems and our uniquely customizable pascal systems providing unrivaled comfort.

DUX 80

The DUX 80 is our most customizable bed with our unique Pascal system for customization in the top. There is an adjustable lumbar function in the base to finetune the support.

DUX MOTION

The DUX Motion is our adjustable bed with the Pascal system, featuring a powerful two motor system that allows for full body adjustment.

REFRESH, RENEW, RESTORE.
